SECURITY/EMERGENCY

- Volunteers and organizers have the final say. You are expected to follow all of their orders.
- If you ever find yourself in a bind, don't hesitate to ask the staff for help. Don't try to solve a heated situation on your own! If in doubt, let the volunteers or other staff take care of it instead.
- Emergency exits are to be kept usable at all times. Don't get in the way of volunteer work and medical assistance.
- In case of fire, go to the marked rescue area and listen to the volunteers and fire fighters. Never try to extinguish a fire on your own.
- Do not harass, ridicule or bully guests or staff.
- Do not approach the guests in their downtime. They need their rest just like you do, so please, give them space!
- Animals are not allowed. The only exception are guide dogs and similar pets that you depend on for your wellbeing. All other animals will be removed by the local police or animal welfare on your bill if needed. Please save your pet friends the pain and leave them at home!
- Do not camp at the venue.
- Depictions and symbols that are prohibited by German law are strictly forbidden (this includes imagery related to World War II such as swastikas). If you wear, draw or show content with such depictions, you will be removed from the content.
- Use the trash bins! They exist for a reason.

Cleaning up after yourselves is important. If you don't clean up on your own, volunteers will order you to do so.

- All kinds of skates are only allowed for photos. You're not allowed to actually use them as a means of getting around the Fair.

WEAPONS

- All kinds of harmful weapons are prohibited.
- All replica weapons are prohibited.
- Soft air guns, blunted swords, anything explosive, brass knuckles, knives or any other weapons which can inflict serious pain are prohibited.
- Spike collars and bracelets are only allowed if the spikes are shorter than 5cm/2 inch and if they are blunt.
- LARP weapons, foam weapons and any other weapons meant for safe usage are allowed.
- The convention staff can and will check your weapon and decide whether it's safe or not.
- If you break a weapon rule and bring a dangerous weapon into the venue, it's possible that you will be removed by the police and charged for violating German weapon laws. You can be fined at least 10.000,00 € for this, so seriously, don't do it.

—HOUSE RULES—

- No food or soft drinks are allowed in the Main Hall.

RECORDING OF FILM AND PHOTO FOOTAGE

—PANEL OVERVIEW—

LASSO WORKSHOP

In this workshop we'll train the basics of how to lasso. I'll explain it to you and then it's your turn.

It's also a preparation for the game "Throw a lasso".

MY LITTLE QUIZ

Here it comes! The brony quiz show in which knowledge is magic! How well do you know the canon? The cast & crew? The fanart? The community? Find out and win fabulous prizes! Know more than your opponents and advance as, round by round, more and more players are eliminated until the grand final, in which we determine the champion of My Little Quiz!

—PANEL OVERVIEW—

HOW TO BRONY IN PUBLIC

There are different ways to celebrate being a brony. However, when you decide to show your affiliation, you have to consider certain aspects about it. AnYPony is going to share his experiences and insights as a “public brony”.

FANFICTION PANEL

Every story needs a villain of some sort. But what makes a good villain? Rarity Belle will tell you what it takes to create a villain worth remembering. Beware though! There may be a twist.

STABLE TEC

We want to bring you **THE** crossover between the game Fallout and MLP as an animated series. Meet some members of our international team, see how we want to accomplish this and how far we've already got. We'll also show you how our big studio works.

—PANEL OVERVIEW—

CUSTOM PLUSH PANEL

In diesem Panel zeigt Yasi euch die Grundlagen des Plüschinähens. Ihr erhaltet einen Überblick über das wichtigste Equipment und Vorgehensweisen. Am Ende des Panels sollen Erfahrungen ausgetauscht und Fragen beantwortet werden.

ANIMATION PANEL

We talk about animation, music and more...

How are animations created?

Well, all you need is an idea, a creative mind and a story you want to tell.

You are interested in animations and ponies, join us and we will have a wonderful time.

SOURCE FILMMAKER PANEL

Source Filmmaker is a powerful 3D animation tool created by Valve to make your own animations and ideas in a pretty easy way. It's completely free, available on Steam and you can just download it right away once you have a Steam account. EpicLPer will give you an overall look at what SFM is and what it can do, some basic, what you should and should not do as a beginner, what's the best way to start, tips and tricks for better animations and many more amazing Source Filmmaker related things such as some of the best fan creations and where you can get all the information to get started on your own.

→PANEL OVERVIEW←

DASBRONY PANEL

DasBrony is a YouTube group that makes German-language fan content such as podcasts and reactions. Their panel will introduce the group, discuss their content, and answer questions from the audience.

FANART PANEL

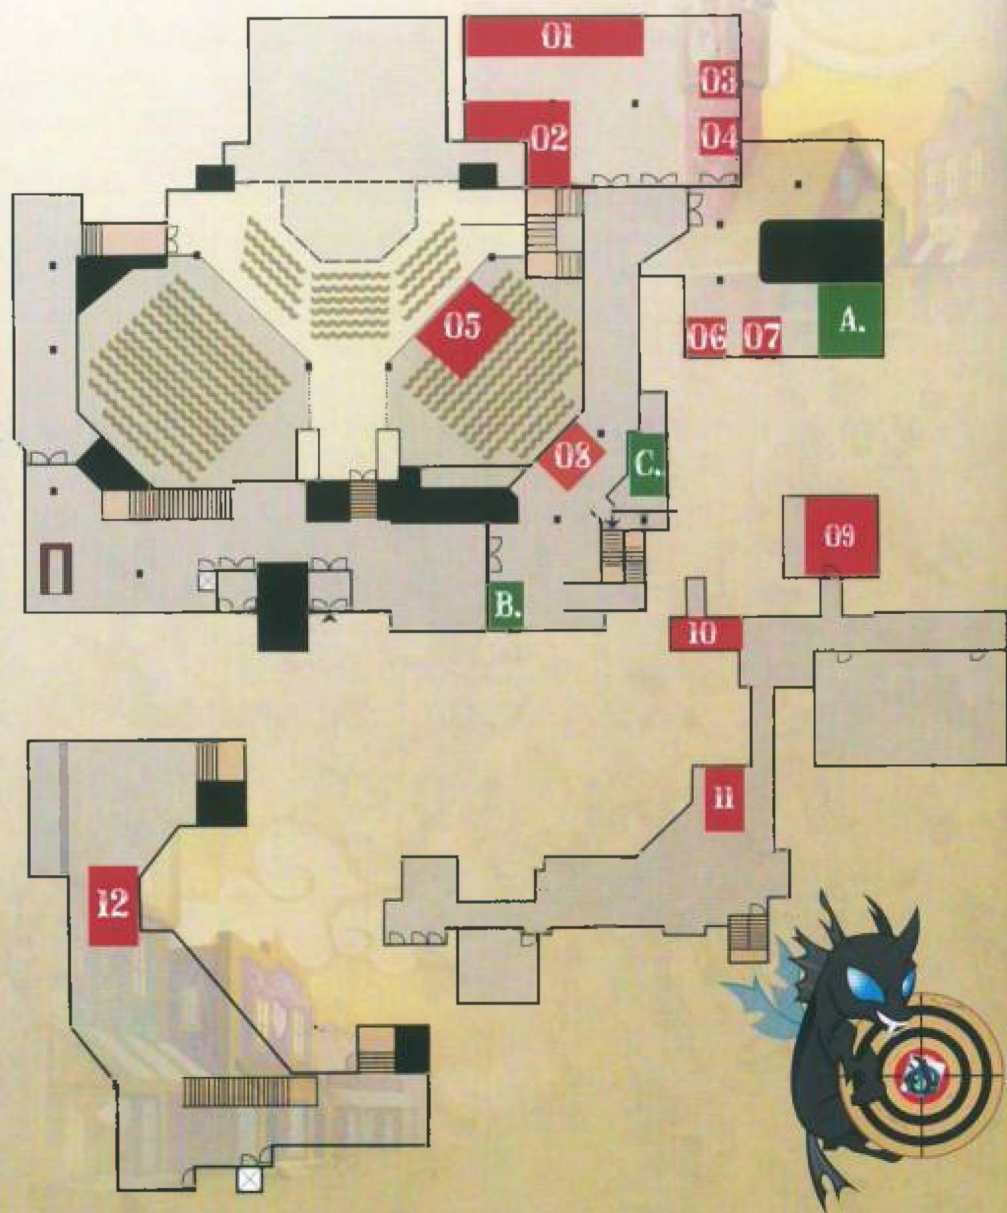

Artist KnifeH will demonstrate how to draw ponies, how to define your own style and how to improve as an artist. Topics can be aimed at specific components like: how to draw wings, head, eyes, anatomy in general or even simple artistic concerns as to how to get noticed with your art. Panel is open so any question regarding art can be asked if you're interested interested in it!

BODY ART PANEL

This panel is about a part of the fandom rarely talked about. It is about tattoos - do you have any?

—IRON PONY COMPETITION—

—IRON PONY COMPETITION—

01 HAY BALE CURLING

Hay bale curling is comparable to regular curling. The bale is pushed from the start with force, and has to slide as close as possible to the finish line with no interference. Should a bale slide over the finish line, it'll be disqualified and won't be counted towards the score.

02 CHICKEN BALANCING

This game was already present during the last Brony Fair. We noticed that it was much too easy and therefore this year there will be new obstacles to challenge you.

03 STUMP

It's not all about strength, precision also matters. How many strokes do you need to drive in the nail completely?

04 CIDER STEIN HOLDING

You have to hold a 0.5-liter jug with your extended arm until you give up or you have to lower your arm.

05 LASSO THROWING

Everypony knows AJ and how skilled she is at handling her lasso. This game puts your finesse to the test. Loop your rope around the pony from a yet to be determined distance. Every lasso that is slung around the pony's neck counts.

Understandably, we cannot, and in fact do not want to use an actual pony for this, so we'll use a wooden pony as a target instead.

06 APPLE BOBBING

Apples are bobbing in the water and must be retrieved using your mouth only. Maybe you'll even get two in one try?

07 HAY EATING CONTEST

Last year, the allotted times for the eating competition aroused some concern. Ten pretzel sticks in 20 seconds? Impossible?

But it was, in fact, possible! The best time recorded was seven seconds.

This year, you'll again determine what time is worth how many points.

08 SPIDER THROWING

This game was also present during the last Brony Fair, and since the feedback was very positive, we'll set it up again during this year's Brony Fair. The goal of this game is to throw five stylized spiders at a net. Every spider that sticks is worth one point. A spider that sticks to the innermost ring counts for two extra points, and a spider that lands in the middle ring counts for one extra point.

09 BULLRIDING

Ride 'em, cowboy! Yee-haw!

—IRON PONY COMPETITION—

10 SHOOT-A-CHANGELING

We present: The Twilight Gun!

Surely everyone remembers the changlings' invasion in „A Canterlot Wedding“? In one of the two episodes, Pinkie Pie wields Twilight Sparkle as a magic gatling gun and to deal with the changelings. In our game you will be equipped with our own Twilight Gun. In this case it happens to be a modified spring-loaded rifle (BB Gun).

11 HORSESHOE THROWING

This time with real sand! Since at the last Brony Fair the game was criticized for using horseshoe that were too light and kept bouncing around, we have improved the game at this year's Brony Fair. You are going to be throwing a steel horseshoe into a sandbox to prevent any more bouncing.

The horseshoe will be thrown from a distance of around 4-6 meters, or 2-3 meters for children. The horseshoe that is closest to the pole counts.

Throwing will be done in an underhanded „spoon throw“ style.

What counts is the shortest distance between the pole and the horseshoe. The measurement will be done in millimeters, and will be rounded up if the measurement lies between two dashes of the measuring tape (e.g. a distance of 32.5mm is counted as 33mm).

The final decision rests with the appointed referee.

12 PUMPKIN TOSSING

This game is comparable to a goal-shooting contest. But instead of kicking the pumpkin (an orange softball), you toss it through the air with an oversized slingshot.

—INDEPENDENT GAMES—

A. MLP CCG

The My Little Pony Collectible Card Game (abbreviated as MLPCCG) is a two-player collectible card game based on the television show My Little Pony: Friendship Is Magic.

B. WRITE A LETTER TO UNITY

Last year Unity received a lot of wonderful drawings and letters. She's even collecting diary entries this year too.

C. WATCH PAINT DRY

Some old paint, a canvas, and you've already got yourself a wonderful game. Our beloved series manages to put a smile on all our faces with its many games. Therefore, this year we will again offer you the game „Watch Paint Dry“.

All cosplayers are asked to meet at the game „Watch Paint Dry“ on Saturday, 6 PM for a group photo. We are already excited about the lively participation of all you „Pinkie Pie“ cosplayers!
