Welcome!

Another year, another con!

Welcome back everyone to our little piece of Equestria!

It's been quite a ride and we wouldn't be here
without you, 5 whole years of passion,
hard work and friendship to look back onto.

We're glad to have you here to celebrate
our fifth anniversary with us!

5 years is a big age for a pony con after all!

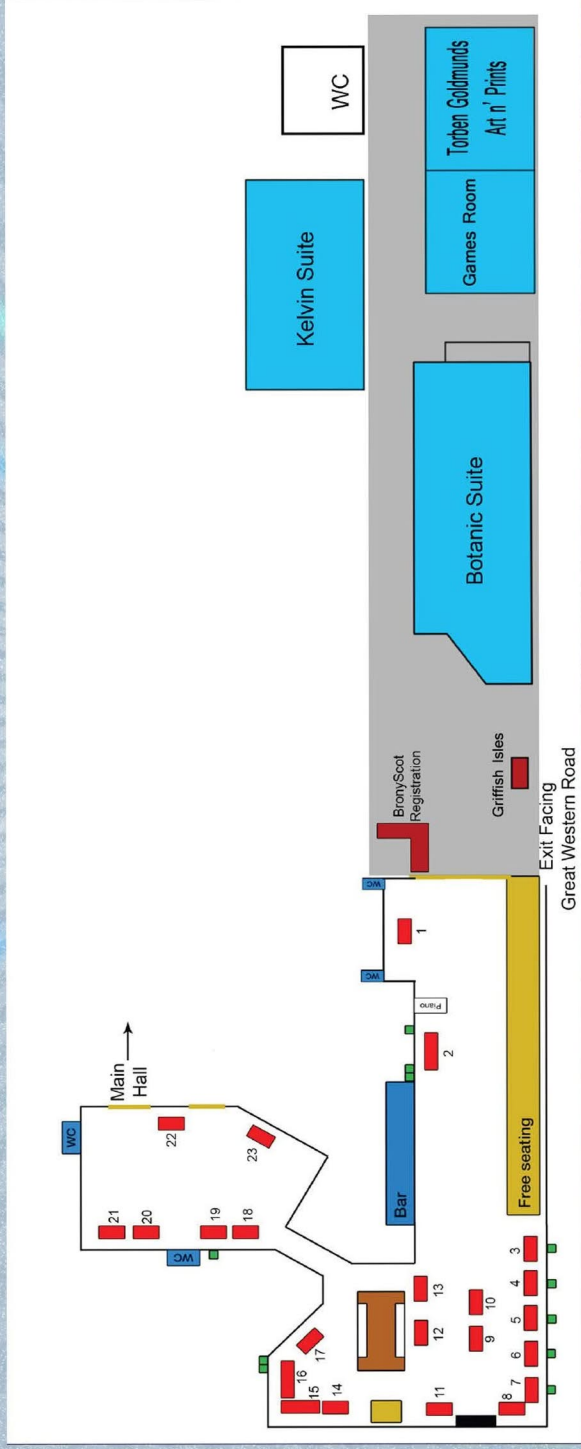

We have tons of great events
planned for today and tomorrow so
that everyone can join in on the fun!

So grab a slice of cake, put your gift on the party table
(you DID bring a gift, right?)
and for the fifth time in a row,
a very big welcome to Bronyscot!

Children's Hospices Across Scotland

We're Children's Hospices Across Scotland. But most people know us as CHAS. For over twenty years we've been offering a full family support service for babies, children and young people with life-shortening conditions. This includes palliative care, family respite and support – through our hospices, homecare services and hospital presence.

With the help of the Scottish Government, we commissioned a ground-breaking piece of research that established, for the first time, the full scale of the number of children in Scotland with life-shortening conditions. It is from this work that we know three children die each week but the more compelling statistic for us was that we are reaching only one of these families. We are determined to reach out to them all.
