Chairman's Greeting

"Hey guys, we will do a PonyCon in Helsinki! I know the idea is crazy, but we'll make it work and it'll be the best thing ever!" - Oskar Westerlund, 31st of July 2012

It was something along those lines that got us started back in the day and which has kept us going ever since until this very day. First only a handful believed in the idea, most if not everyone except myself were quite skeptical to boot to say the very least. With time, and some significant effort, folks got on-board. It wasn't until much later that we actually started calling the convention Crystal Fair.

What is a convention? It's an occurrence that is all about you, dear visitor, and the things you experience during this weekend. A convention is not merely a fancy name, a building or even a location, it is a social experience we create and share together around a thing we hold close to our hearts, which by mere coincidence just happens to be about these pastel coloured equines. We can always decorate things with a nice topping, but without you, dear friend, this event of ours would lack a soul.

On behalf of the entire convention staff, I want to personally thank every single one of you. Thank you for placing your trust in us and deciding to attend. Without your decision to come, none of this would have been possible.

*Oskar Westerlund,
Con Chair*

Aurora Presents Herself!

Hey everypony! My name is Aurora, and I'm the official mascot for this convention!

When the committee of Crystal Fair asked me to become the mascot of their convention, I couldn't believe that they had chosen somepony like me. Obviously I accepted their request, and for the past 18 months, I've been waiting very eagerly for the convention! Now that it's finally here, I can't believe it's happening!

I travelled to Finlandia Hall all the way from the Lapland (the north of Finland), where I usually live with the other northern light ponies. Our job is to create the northern lights in the winter, for which we gather crystals during the summer.

I was luckily granted permission to take a trip here to Helsinki for the duration of the convention, otherwise I'd be busy trying finding more crystals for the whole winter... Like you probably guessed, I'd definitely prefer to be here at the con (even though the weather is way warmer here in the South)!

You'll probably be seeing me all around the convention during this weekend, make sure to come say hi to me if you find me somewhere :3 ! Also, I hope you all have a great time at the convention, we've worked very hard to make this Crystal Fair as awesome as possible!

Name: Aurora

Lives in: Northern parts of Finland

Occupation: Casting the northern lights

Likes: Snow, the coldness of winter

Dislikes: Hot climate, bees

Find me on Twitter at @aurorapony!

Cosplay

It's showtime! Crystal Fair warmly welcomes all cosplayers to the con. We've got great cosplay-themed programme scheduled which anyone can attend!

Anyone can enter Crystal Fair's cosplay contest! The main focus on this event is having fun so we don't have categories after all. Six contestants will be given Crystal Fair-themed prizes. You can sign up for the contest at the info desk through Friday. You can enter alone, in pair or in a group. The contest will be hosted by none other than the Swedish cosplay star Yami Björk, who is also one of our community guests and cosplay judges. You can read more about her on the community guests' pages.

Yami Björk will also give tips and tricks for a better and more comfortable cosplay and convention experience at her panel on Friday, so check that out!

Anyone can cosplay at Crystal Fair, but our rules are to be taken into account. Cosplay costumes that can be deemed unsuitable for viewers of all ages, as well as costumes that can be dangerous to other people and/or damage property, are not allowed in the convention premises. You can't carry large props inside the venue either. Please consider the other con-goers and leave your props at our cloakroom.

Anneli Heed - Swedish Spitfire

Participate in this apple pie inspired panel and get the true story behind this fabulous voice actress from Sweden!

Philosophy of the Ponies

14:00-15:00

What is a pony? What is a human? Can we find similarities between the two? Let us amuse ourselves with a few potential illustrations. For example, is it wrong to say that Equestria's political theory greatly resembles that of the Islamic Republic of Iran? Or that the figure of Twilight Sparkle might very well be conceived as a symbol of ultimate instrumentalism? Or that the equine concept of friendship has more in common with the concept of ideology than meets the eye? Is there such a thing... as the philosophy of the ponies? -Jaakko Reinikainen, B.A., University of Tampere

A musician's journey to Equestria and beyond

16:00-17:00

Daniel Ingram is the man behind the songs in My Little Pony: Friendship is Magic. But what is his story? When he was a child, did he ever think he would become famous for making music for children's animated TV shows? What made him choose a career in music in the first place? You'll get answers to these questions and many more when we start our journey to learn about Mr. Ingram's career!

Sponsors

You are lifesavers. It was your contribution that enabled us to go one step further and realize our dream of a high quality event that stands out even in the global scale of things. Where all attendees make the idea fly as a whole, your explicit patronage has helped us out immeasurably during crunches and gave us the possibility to make this convention the best possible experience not only for yourself, but everyone who participates. Our gratitude is beyond what can be expressed through mere words; may you enjoy the convention even more knowing that it was your decision to pitch in, that made this weekend exceptional. You have truly earned it.

Word of Thanks

Conventions don't happen by themselves. They are a team effort with various levels of participation from several parties on many levels.

Attendees: Thank you for coming. You are the enablers that enable everything. Without your explicit support, we would never have gotten off the ground or remained in the air for long. Crystal Fair is our gift to you for putting your trust in us.

Guests: You are the cherry on top of the cake, the jewels that crown the experience. Would Crystal Fair be the same without you? It is doubtful. Thank you for being here with us.

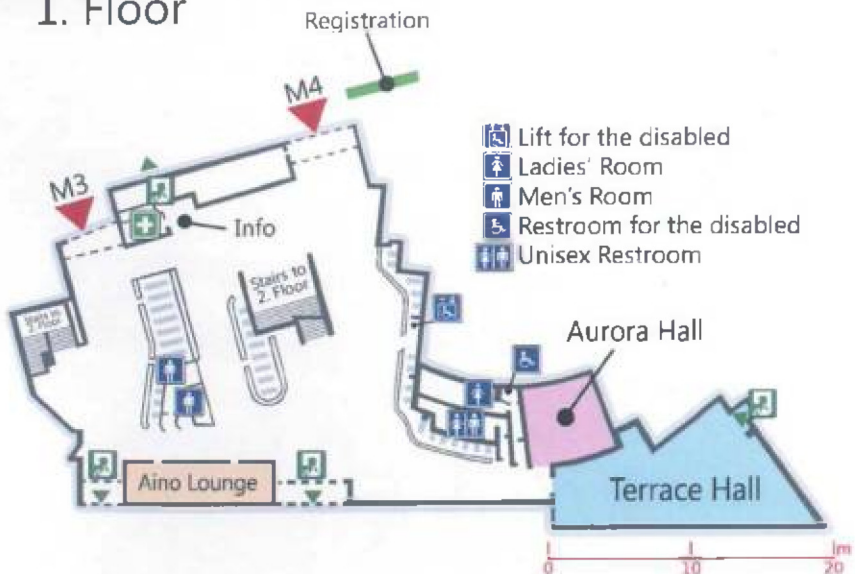

Vendors: You are what frosting is to a delicious cake. Things would taste quite plain without you. Thank you for all the preparation you've done to join us here for this weekend.

Venue: Thank you Finlandia Hall for hosting our convention! It has been a privilege working alongside professionals of your caliber.

Volunteers: Without the countless hours you've collectively poured into this convention, this entire venture would have been impossible. You make up the sweet filling inside the cake. Whenever one takes a bite, it is you who we ultimately find at the very core making sure things work out.
