

Czequestria

v.2.0.17

The future is here

It is 21st century and the advent of technology has come to all of us. Our scientific progress has exceeded many boundaries, many of them were unimaginable mere years ago...

Yet, here we are, in a new, futuristic era! It is with a stark realization that the flow of information goes all around us. Through us. Vast amounts of data is flowing across the globe like giant rivers, their riches available to us at a touch of a fingertip. And one day, we may even become part of this global, invisible world.

Welcome to Czequestria: Digital Frontier!

From fans to fans:

One. Zero. Two numbers that decide on how things look in the digital world. And those two states also decide if something is not (such as Czequestria 2016) or is (like Czequestria 2017!). And thanks to this number we can welcome you to our small part of the world where this cute little convention is being held! Much has changed since last edition of CZQ; our team has grown to 7 members, some of us have changed jobs or even moved countries and with My Little Pony: The Movie on the horizon, there is quite a lot of anticipation as well! Nonetheless, even with all of this pressure, we've been able to make Czequestria great again!

Thank you for attending and have an amazing & friendship-filled weekend at Czequestria 2017!

-Czequestria management & staff

Access Rules

Even in the wonderful land of Czequestria we have to set some rules so that all of us can enjoy it to the max! So please bear with us and keep calm & cool whenever possible - we're here to help, not trouble you! Full rules are available at www.czequestria.cz

Please wear the ticket (badge) visibly, thanks!

CZ/SK bronies z.s., Czequestria or any of its staff cannot be held responsible for the behavior and actions of visitors that are inside the convention grounds nor for any injuries or damages caused. Attendees under 12 years of age must be accompanied by a parent or guardian.

Czequestria is a "family-friendly" convention – therefore no sexual, political, or otherwise inappropriate content should be displayed or featured. Breaking this rule will get you removed from the convention without a refund! #MoonCannon

It's forbidden to connect any electronic devices to power sockets without previous consultation and permission from the staff.

Please behave in a good manner towards the attendees, staff and guests – explaining a problem calmly will resolve it faster!

Emergency exits must not be obstructed at any time. During an emergency, please do as instructed by staff and clear out the way for emergency services. In case of fire, please inform staff and, if present already, fire services by shouting "FIRE". Do as instructed by the emergency services and don't try to fight fire on your own.

All lethal and nonlethal weapons are forbidden. This also applies to pocket knives, airsoft, paintball and laser guns or anything explosive. Violating these rules may get you expelled from the convention grounds without any chance for refund or re-entry. Staff's ruling is always supreme in any case.

Do not bring your own food/drink in - except for home-baked muffins, cupcakes for showcasing. Water bottles are fine too!

Everybody and everypony is responsible for their own stuff. Jump up, make a sound, stomp your hooves & turn around!

Guests of Honour

M.A. Larson

Story & book writer, convention goer and mainly, the very first Czequestrian! Yes, he is truly the first person who has sparked the idea of this convention - story

begins in Paris, 2013 at Bronydays convention, where during the signing session he was handed one of the CZ/SK bronies flags and, before actually signing it, surprised our team with a question on when we are going to organize a convention in Prague! A year later and the first Czequestria took its place, thanks to him. Apart from writting script to various TV series he loves to create stories in a book format, which has resulted in a book trilogy called Pennyroyal Academy!

M.A. Larson will attend the convention digitally - remotely via a call!

Lenka Debnárová

Slovakian voice actress of the MLP:FiM character Pinkie Pie, but also of many others, such as Padma Patil in Harry Potter or Stephanie Barnett in Big Bang

Theory! But wait, there is more - apart from the VA work, she is a TV & Radio presenter and currently you can see her on the biggest Slovak TV Markíza as a weather reporter! But when it comes to her hobbies it's less party, more calm as she is a skilled horse rider.

Surprise ?!

We may have more guests but due to nature of their work (looking at you, Agent Sweetie drops) we cannot guarantee their appearance in time. So, if they

pop up - we will shout out an announcements both in person and at the Check-in desk! And if they don't... well they could be working on voice-over work for something important with ponies in it, so better not disturb them!
