
Czequestria
2022
Sun vs. Moon

The future is now

Czequestria is back and all of you too! It took three very long years of uncertainty and many other things. Do you remember, how many times we spoke about Magic of Friendship since we became bronies? If you were ever in doubt, if it exists, take a moment and look around...

See? After everything that happened in the last years, here we are, all together again! We never expect to put the Magic of Friendship under such a heavy test, but we passed it anyway. And that's probably the most important thing of all.

Therefore let us welcome you to Czequestria: Sun vs. Moon!

Darkness and Light, Night and Day, the Solar Empire, and the New Lunar Republic - you can choose your side, but keep in mind that one cannot exist without the other. As life goes on, we always stay in the shadow of past events. The same goes with Czequestria as it seems that with every year it just gets more and more surreal that a simple joke turned into such an event.

The MLP generation 4 made it to the grand finale and after a short time of looking around, we have the generation 5 running. Many say, that it's not the same thing and they are right. It will never be the same as when we met the ponies for the first time, but it can be awesome anyway. After all, G5 is not here to replace G4 but to expand the Equestrian universe. So... let's go and explore this new magical horizon together!

Thank you for attending Czequestria 2022 and we wish you a friendship-rich weekend here in Prague!

-Czequestria team

CZ/SK BRONIES

Rules to Rule

Even in the wonderful land of Czequestria we have to set some rules so that all of us can enjoy it to the max! So please bear with us and keep calm & cool whenever possible - we're here to help, not trouble you! Full rules are available at www.czequestria.cz

Please wear the ticket (badge) visibly, thanks!

CZ/SK bronies z.s., Czequestria or any of its staff cannot be held responsible for the behavior and actions of visitors that are inside the convention grounds nor for any injuries or damages caused. Attendees under 12 years of age must be accompanied by a parent or guardian.

Czequestria is a "family-friendly" convention – therefore no sexual, political, or otherwise inappropriate content should be displayed or featured. Breaking this rule will get you removed from the convention without a refund! #MoonCannon

It's forbidden to connect any electronic devices to power sockets without previouus consultation and permission from the staff.

Please behave in a good manner towards the attendees, staff and guests - explaining a problem calmly will resolve it faster!

Emergency exits must not be obstructed at any time. During an emergency, please do as instructed by staff and clear out the way for emergency services. In case of fire, please inform staff and, if present already, fire services by shouting "FIRE". Do as instructed by the emergency services and don't try to fight fire on your own.

All lethal and nonlethal weapons are forbidden. This also applies to pocket knives, airsoft, paintball and laser guns or anything explosive. Staff's ruling is always supreme in any case.

Do not bring food/drinks inside the halls with program (except for clear water in plastic bottles).

Everybody and everypony is responsible for their own stuff. Jump up, make a sound, stomp your hooves & turn around!

Guests of Honour

Robert Cullen

Director of the "MLP: A New Generation" movie and the founder of the Boulder Media animation studio! The 5th generation pilot is definitely not his first encounter with the MLP world: as a creative supervisor, he participated in the Rainbow Roadtrip special and Pony Life. He has worked in the animation industry for over 20 years: before directing "My Little Pony: A New Generation", he participated in series like Transformers and Foster's Home for Imaginary Friends, for which he was nominated for an Emmy in 2007.

Vendula Příhodová

Czech actress and singer in drama and musical performances, but also a film and series voice actor and dubber. She lent her voice to many characters, for example, Dani Ramos in Terminator: Dark Fate or Valkyrie in Avengers: Endgame. Czech My Little Pony fans could meet her for the first time in 2017 when she lent her voice to Rainbow Dash in "MLP: The Movie" and again recently when Sunny Starscout spoke with her voice in the Czech version of "My Little Pony: A New Generation".

The Overmare Studios

Traditional guests at Czequestria, a group of fans from all over the world, and videogame developers are back with vtheir Ashes of Equestria game project, a free adaptation of the opening chapters of the Fallout: Equestria fan fiction! If you are a fan of FoE, don't miss their panel! In addition to news from the latest game development presented by Ansis, there will also be an opportunity to ask your questions.

Guests of Honour

Verča Cosplay

In 2014, she and her future husband decided on a wedding in costumes from Assassin's Creed 2, and soon after, cosplay became her hobby. In recent years, she has been producing costumes mainly to order – for enthusiasts, game developers, and Netflix. She also organizes specialized cosplay courses, and workshops, where she shares her rich experience with others. If you are interested in cosplay, visit her panel, and if your interest is deeper, be sure to visit her cosplay workshop too!

Prince Whateverer

Guitarist, vocalist, and producer from the southeast coast of the United Kingdom. Since late 2011, when he released the "Beyond Her Garden" cover, his heavy metal and pop-punk music with a light electronic and acoustic flavor become popular among many bronies all over the world! His debut album "Rediscover" was released in November 2013. In recent years, he has performed at many conventions in Europe, the United States, and also at online brony events.

BlackiceMusic

Since 2014, BlackiceMusic has been making electronic music, originally inspired by Big Room music. Later, he branched out to Dubstep but then returned to focus on Melbourne Bounce and now Future Bounce. You may know him from his tracks "The Fuff", "Jinxies", or more recently, "Memory". At Czequestria, he will perform a DJ set with Melbourne Bounce, Future Bounce, House, and other festival genres!

Guests of Honour

DJ Tw3Lv3

A Belgian deer who joined the fandom in 2018 to share their passion, music. Known for their collab with PrinceWhateverer, General Mumble, 4EverfreeBrony, and many more, they make a lot of different genres such as Drum&Bass and Lo-Fi. They're also at the head of VibePoniez, a brony label that makes chill compilation albums. Their music might be chill, but you can be sure that they will pump you up with their really energic set!

Perrydotto

She is back and she has a hat! There are several types of auctions. Regular ones, charity ones, and the ones run by Perry. Those are the ones that we remember for many years as they are just so different, so awesome, and action-packed! Be it a picture, flag, hat, beverage-themed creations, or a kiss from a famous somepony, she can auction it! Apart from ruling the world of auctions, Perry has many talents she turns to the art of reality: organizing, art, voice acting, and newly also streaming.
