Rules of Buckball

Foreword

The rules for the game „Buckball“ have their roots in the animated TV series „My Little Pony: Friendship is Magic“ and are based on the information given there. Because of its fictional origin and given the fact that humans neither have wings nor magic the rules have to get adjusted in such behalfs.

Materials

To play the game, you will need:

1. one play ball (e.g. rubber ball)
2. two baskets
3. six Jerseys to identify the teams
4. ten pylons to mark the field

Match-Up

There are two teams with three players each, six players in total. Those players get positioned within the rectangular field marked by 10 pylons. The players are allowed to move freely within the limits of their half of the field.

Every player in one team has a respective position. There is one attacker, one defender and one catcher. The attacker and the defender try to throw the ball to their team´s catcher by passing it. The catcher tries to get himself in a good, free position to catch the ball. The opposing team's defender tries to prevent this by blocking the ball or to catch it himself.

There is also a referee who initiates a jump-ball at the beginning of the game or landing of a basket. Both team's attackers try to get ahold of the jump-ball to initiate an attack for their team. Furthermore, the referee calls the validation of a basket or which team will get the ball after an out-of-bounds.

Rules

- The borders of the field may not be trespassed. Players may only move within those borders.
- If one team throws the ball out of bounds, the opponent gets ahold of the ball. Same if the player in possession of the ball steps out of bounds.
- When the ball lands in the catcher's basket it is valued one point. A basket is only counted if the ball does not bounce out of the basket.
- After one team reaches six points the field sides will be switched.
- For winning the game one team has to score 12 points while being at least 2 points ahead of the opponent.

Charity auction

Over the years, Bronies at GalaCon have raised tens of thousands of Euros to support charitable organizations around the world. This year, we can proudly announce Make-A-Wish® Germany as our charity partner!

For those of you not familiar, Make-A-Wish is a worldwide charity organization that aims to raise funds to fulfill the wishes of children with critical illnesses; be it travelling, meeting a beloved musician, becoming a firefighter and so on. The organization has successfully helped realize more than 300,000 wishes since its formation in 1980.

"When a wish comes true, it creates strength, hope and transformation in a child – and a community."

All of these children are experiencing incredible hardships, fighting tough battles and possibly feeling alone in the world. While we might not be able to take their pain away, we do have the power to make a change. Research shows a wish can give children the strength to fight against and even overcome a critical illness.

It is, of course, the power of a community that can make a change happen. And so, our goal in this is to collect enough money to make it possible for these wishes to come true. We sincerely hope all of you will be willing to join us and help a child's dream come true, whoever they are, wherever they come from.

We are very happy to be a part of this amazing cause, as we have always worked with charities that we personally feel strongly about. We also hope to be able to do more to raise funds for children with wishes.

In-Kind Donations

If you want to donate an item to the charity auction, please feel free to ask at the convention office. We gladly accept donations until Sunday morning. Please mind that we might have to reject some items to ensure that all items can actually be sold within the auction.

Bidding

Every visitor can bid in the Charity Auction. Items will be called up by the moderator. To place a bid, simply raise your hand and declare your bid amount. For the back row seats, there will be volunteers around to take your bid. Please mind that bids are binding and can-not be called back. You can pay for your item in cash or using credit or debit cards, EC cards or PayPal. The payment must be made immediately after the purchase. Make-A-Wish® Germany will issue a receipt if necessary.

WHAT WE DO

OUR CHALLENGE

Every year, around 6.000 children and young adults in Germany are eligible for a wish because they suffer from a life-limiting or life-threatening condition. From the moment they are diagnosed, the simple pleasures of childhood and family life are replaced by worry, disruption, medical appointments, financial worries and isolation. Make-A-Wish® exists to put those issues to one side by empowering a child with the chance to choose a wish that's unique to them, when so much else has been decided for them because of their health needs. In doing so, a wish creates hope, happiness and memories for the whole family to cherish.

OUR IMPACT

Our global research is building our understanding of the impact of a wish, so we can continually help children and their loved ones to gain the most out of their experience.
We've learnt that when a wish is granted, it inspires a child to believe that anything is possible and it helps to restore some of the childhood that they missed out on because treatment for their condition interrupted school or typical family activities.
A wish broadens horizons and is something to look forward to during tough times. More than that, a wish provides respite and distraction, helps family bonding and wellbeing, inclusion and social engagement.
A wish is more than a moment in a child's life – it fills the days, months and years afterwards. Alongside joy, hope and happy memories sits a new confidence, resilience and self-worth.
A wish improves the lives of siblings and parents as well.

OUR COMMUNITY

Wishes take a lot of time and money to organise. They require creativity, passion and commitment. Our networks and communities – health and social care professionals, volunteers, partners, fundraisers, supporters, wish families – are key to making children's wishes become a reality.

SO WE'D LIKE TO SEND A HUUUUUUUGE THANK YOU TO THE WHOLE MAGICAL PONY COMMUNITY FOR HAVING US AS YOUR CHARITY PARTNER OF CHOICE!!!!

OUR WISHES

Everything about the Make-A-Wish® experience is about the child and the impact a wish will have on their life. We're unique in putting the child at the heart of their own experience. But we know that involving a child's family in the unique way that we do, delivers a big impact.
Our leading reputation – built on a global partnership of wishgranting best practice – is vital to our ability to reach children, inspire others and build relationships.

GALACON

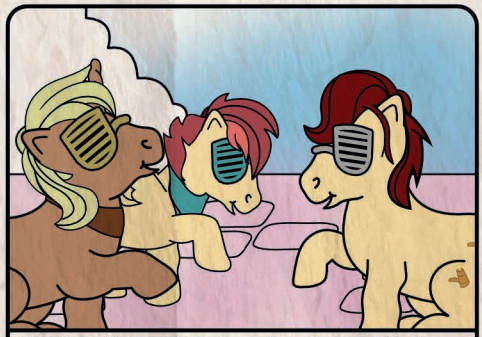

In Ponyville there is a dispute about the best decade! Canni fancies the 80s, while Aurora and Unity aren't so sure.

Canni takes matters into her own hoof! With a push of the button on her time machine, the journey into the past begins.

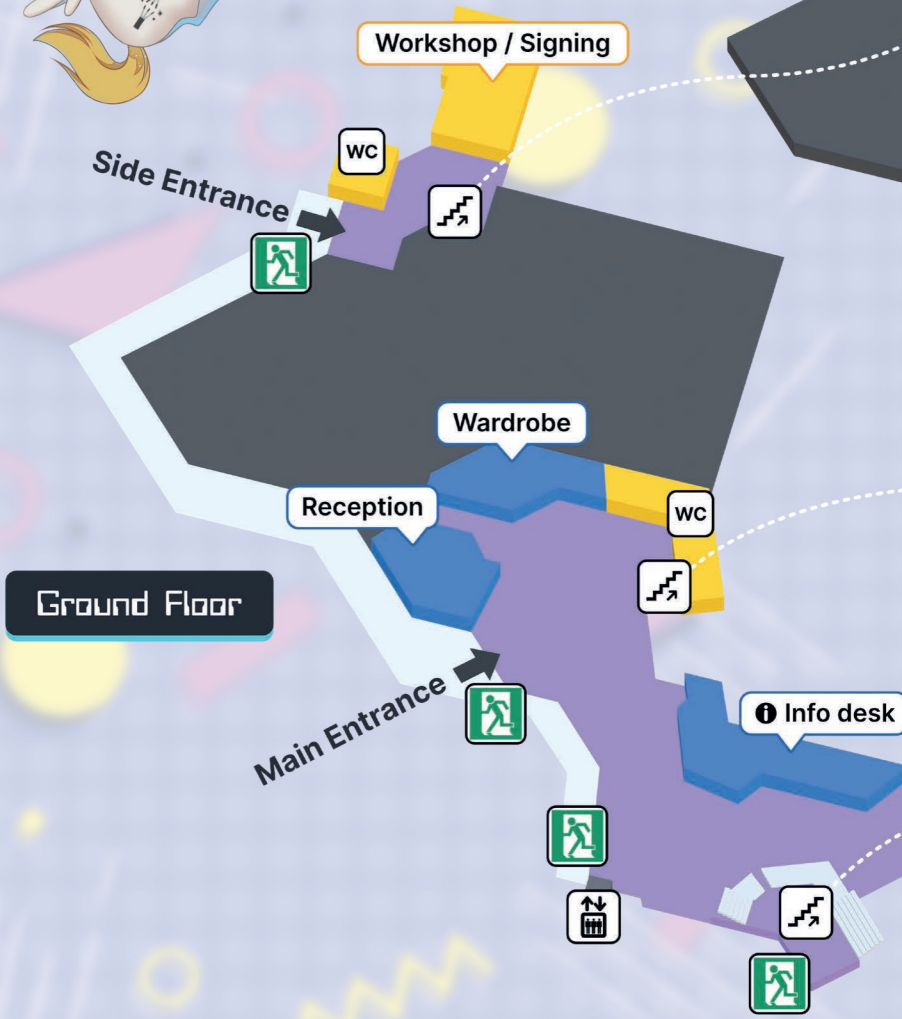

Flash! The ponies end up in an 80s disco. Canni dances full of joy and Aurora and Unity are amazed.

Back in Ponyville, even Aurora and Unity can't deny: The 80s already had their very own charm!
