Foreword

Welcome to GalaCon,

We are honored you are joining us once again for this magical affair. This time, we want to take you to the magical mystical lands of the north. Let us celebrate community, while admiring the beauty of wild nature and vibrant lights dancing across the sky.

This year's theme is inspired by the rich Nordic heritage and splendor – a truly remarkable and enticing history and mythology that inspires bravery and comradery. We see parallels in our very own community; the resilience and bravery to be who you want to be, the creativity and craftsmanship of so many of you. This weekend, we will all gather here to celebrate our friendship and honor our beautiful community.

I hope that you all will have a great and memorable weekend. One worthy of being recited at a campfire many many moons in the future with friends you made here and along the way. I, for one, will cherish every moment that we share here together.

Thank you for joining us on this new adventure and remember: we will all meet in glory in the great halls of Ponehalla.

If the world is set on fire, we will cross the flames together!

Warm regards,

Deus the Wyrmslayer

Chairman, GalaCon Committee

COMMUNITY

DOUBLEWBROTHERS

Since 2013, the doubleWBrothers have made their mark with creative, hilarious comics. They followed their dreams to launch a successful YouTube channel, now boasting 650k subscribers and over 222 million views. DUSTYKATT

Dusty, a stalwart presence at GalaCon, has inspired crowds with his motivational talks and charity efforts. MR. G

While you may not recognize Mr. G by name, you surely know him as the mastermind behind 'Ace Attorney: Elements of Justice,' the sequel to 'Turnabout Storm' where Ace Attorney meets My Little Pony. With new episodes every month, the series blends mystery and magic. Mr. G will reveal behind-the-scenes secrets and future plans, and he'll bring an exclusive item for our charity auction. Join him on this epic adventure, as he navigates the courtroom with the cunning of a viking!

DJTHED

A part of the Brony community for a long time, DJTHED, a longtime member of the Brony community, began animating ponies using Blender. His skill led to animating and rigging main characters for the official MLP game 'A Maretime Bay Adventure.' Currently, he's animating for 'Billie Bust Up,' a musical platformer, alongside talents like Amber May, Michael Kovach, BlackGryph0n, YerkDiff, and Daniel Ingram. With the precision of a viking craftsman, DJTHED continues to bring characters to life in the gaming world.

Musicians

Dane Larson and Christina Ellis, known in the bronysphere as **Ponyphonic**, might be best known for "Lullaby for a Princess". They sailed across the seas to perform for you for the first time at any convention. You better not miss them.

Electrokaplosion humbly says he "makes mare music sometimes," but his contributions are vast. For over 12 years, he's created classic songs like "Snowdrop" and "Pinkie's Sugar Rush". Recently, he collaborated with PrinceWhateverer on Mare in the Box for MareQuest, composing much of its music.

DBPony began his musical career years ago, creating classics like "Daddy Discord", "Wonderbolt" (feat. Prince Whateverer), and "Miles" (feat. EileMonty). These songs have inspired countless covers and remixes in the fandom.

The one and only **Prince Whateverer**, respected veteran of the Brony fandom, is known for classics like "Between Fairytales and Happy Endings", "Breaking Bonds", and "Destabilize". His latest project, The Friendship Parade, is a collaborative album paying tribute to My Chemical Romance. With the spirit of a viking bard, Prince continues to inspire and lead the community.

Tw3Lv3, a DJ and producer from the UK, is known for collaborations with General Mumble and MC Arch, as well as for their lofi label VibePoniez. On stage, Tw3Lv3 brings high energy and a diverse set sure to make you dance!

Jyc Row has been composing pony-themed orchestral music since 2015, including the hit "Together, Against the Sisters" with PrinceWhateverer and Celica Soldream. His main focus is the "Infinite Eclipse" project, a musical collection and light novel series. At GalaCon, he'll premiere a new piece featuring top talents and perform a set at the Gala Party.

Pagan Pegasus returned to the fandom after the 5th generation movie with her "Danger Danger" Remix, followed by remixes of fandom classics. Originally joining in 2010 for the music, she's now working on a creepypasta-themed album inspired by Wooden Toaster. She'll bring her mix of original songs and remixes to the dancefloor.

Rules of Buckball

Foreword

The rules for the game „Buckball“ have their roots in the animated TV series „My Little Pony: Friendship is Magic“ and are based on the information given there. Because of its fictional origin and given the fact that humans neither have wings nor magic the rules have to get adjusted in such behalfs.

Materials

To play the game, you will need:

1. One play ball (e.g. rubber ball)
2. Two baskets
3. Six Jerseys to identify the teams
4. Ten pylons to mark the field

Match-up

There are two teams with three players each, six players in total. Those players get positioned within the rectangular field marked by 10 pylons. The players are allowed to move freely within the limits of their half of the field.

Every player in one team has a respective position. There is one attacker, one defender and one catcher. The attacker and the defender try to throw the ball to their team´s catcher by passing it. The catcher tries to get himself in a good, free position to catch the ball. The opposing team‘s defender tries to prevent this by blocking the ball or to catch it himself.

There is also a referee who initiates a jump-ball at the beginning of the game or landing of a basket. Both team‘s attackers try to get ahold of the jump-ball to initiate an attack for their team. Furthermore, the referee calls the validation of a basket or which team will get the ball after an out-of-bounds.

Rules

- The borders of the field may not be trespassed. Players may only move within these borders.
- If one team throws the ball out of bounds, the opponent gets ahold of the ball. Same if the player in possession of the ball steps out of bounds.
- When the ball lands in the catcher‘s basket it is valued one point. A basket is only counted if the ball does not bounce out of the basket.
- After one team reaches six points the field sides will be switched.
- For winning the game one team has to score 12 points while being at least 2 points ahead of the opponent.

Over the past year, They've faced issues that have adjusted their expectations about how quickly they could get upgrades working and posted on YouTube. From an endlessly-rotating neck, a properly integrated sound system, and a working drivetrain to 3D printer trouble, side projects, putting on snow chains, feeding birds, and cycling (yes, all still related!), it's been a journey. The most significant and time-consuming part has been turning Sweetie Bot DIY into a self-employed job. They have a great follow-up story to tell! And yes, that's "they" plural, because now, Sweetie Bot talks as well!

Charity

Over the years, Bronies at GalaCon have raised tens of thousands of Euros to support charitable organizations around the world. This year, we can proudly announce Make-A-Wish® Germany as our charity partner!

For those of you not familiar, Make-A-Wish is a worldwide charity organization that aims to raise funds to fulfill the wishes of children with critical illnesses; be it travelling, meeting a beloved musician, becoming a firefighter and so on. The organization has successfully helped realize more than 300,000 wishes since its formation in 1980.

> "When a wish comes true, it creates strength, hope and transformation in a child – and a community."

All of these children are experiencing incredible hardships, fighting tough battles and possibly feeling alone in the world. While we might not be able to take their pain away, we do have the power to make a change. Research shows a wish can give children the strength to fight against and even overcome a critical illness.

It is, of course, the power of a community that can make a change happen. And so, our goal in this is to collect enough money to make it possible for these wishes to come true. We sincerely hope all of you will be willing to join us and help a child's dream come true, whoever they are, wherever they come from.

We are very happy to be a part of this amazing cause, as we have always worked with charities that we personally feel strongly about. We also hope to be able to do more to raise funds for children with wishes.

In-Kind Donations

If you want to donate an item to the charity auction, please feel free to ask at the convention office. We gladly accept donations until Sunday morning. Please mind that we might have to reject some items to ensure that all items can actually be sold within the auction.

Bidding

Every visitor can bid in the Charity Auction. Items will be called up by the moderator. To place a bid, simply raise your hand and declare your bid amount. For the back row seats, there will be volunteers around to take your bid. Please mind that bids are binding and can-not be called back. You can pay for your item in cash or using credit or debit cards, EC cards or PayPal. The payment must be made immediately after the purchase. Make-A-Wish® Germany will issue a receipt if necessary.

WHAT WE DO

OUR CHALLENGE

Every year, around 6.000 children and young adults in Germany are eligible for a wish because they suffer from a life-limiting or life-threatening condition. From the moment they are diagnosed, the simple pleasures of childhood and family life are replaced by worry, disruption, medical appointments, financial worries and isolation. Make-A-Wish® exists to put those issues to one side by empowering a child with the chance to choose a wish that's unique to them, when so much else has been decided for them because of their health needs. In doing so, a wish creates hope, happiness and memories for the whole family to cherish.

OUR IMPACT

Our global research is building our understanding of the impact of a wish, so we can continually help children and their loved ones to gain the most out of their experience.
We've learnt that when a wish is granted, it inspires a child to believe that anything is possible and it helps to restore some of the childhood that they missed out on because treatment for their condition interrupted school or typical family activities.
A wish broadens horizons and is something to look forward to during tough times. More than that, a wish provides respite and distraction, helps family bonding and wellbeing, inclusion and social engagement.
A wish is more than a moment in a child's life – it fills the days, months and years afterwards. Alongside joy, hope and happy memories sits a new confidence, resilience and self-worth.
A wish improves the lives of siblings and parents as well.

OUR COMMUNITY

Wishes take a lot of time and money to organise. They require creativity, passion and commitment. Our networks and communities – health and social care professionals, volunteers, partners, fundraisers, supporters, wish families – are key to making children's wishes become a reality.

SO WE'D LIKE TO SEND A HUUUUUUUGE THANK YOU TO THE WHOLE MAGICAL PONY COMMUNITY FOR HAVING US AS YOUR CHARITY PARTNER OF CHOICE!!!!

OUR WISHES

Everything about the Make-A-Wish® experience is about the child and the impact a wish will have on their life. We're unique in putting the child at the heart of their own experience. But we know that involving a child's family in the unique way that we do, delivers a big impact.
Our leading reputation – built on a global partnership of wishgranting best practice – is vital to our ability to reach children, inspire others and build relationships.
