Foreword

~~Gear~~laCon 2025

Esteemed Guests, Tinkerers, Dreamers, and Creators,

On behalf of the entire GalaCon crew, it is with great joy and a touch of steam-powered pride that we welcome you aboard GalaCon 2025, where gears turn, goggles gleam, and the spirit of friendship runs on finely tuned imagination.

Come, step into a world of brass and brilliance; where the magic of Equestria meets the marvels of the mechanical. Our halls are alive with the hiss of steam, the ticking of timepieces, and the creative energy of fans whose hearts beat to the rhythm of aether and adventure.

From workshops that spark invention to panels that illuminate hidden lore, from incredible cosplays to a charity auction that'll warm the heart of any Ebenezer; every moment of GalaCon is handcrafted with care. And at the center of it all? You. The crafters, the storytellers, the travelers from every corner of the globe who come together once more to celebrate not just ponies, but the very essence of friendship.

Get your monocles shined, top hats adjusted, and screws tightened, and prepare for a weekend of wonder beyond the clouds and cogs. Whether you ride in on a dirigible or stroll in with your hoof-polished boots, know that you are most welcome here.

The future may run on steam, but this weekend it runs on friendship.

Tick-tock and tally-ho!

Deus, Ponymath, Equus Universalis

Charity Auction

Over the years, Bronies at GalaCon have raised tens of thousands of Euros to support charitable organizations around the world. This year, we can proudly announce Make-A-Wish® Germany as our charity partner!

For those of you not familiar, Make-A-Wish is a worldwide charity organization that aims to raise funds to fulfill the wishes of children with critical illnesses; be it travelling, meeting a beloved musician, becoming a firefighter and so on. The organization has successfully helped realize more than 300,000 wishes since its formation in 1980.

"When a wish comes true, it creates strength, hope and transformation in a child - and a community."

All of these children are experiencing incredible hardships, fighting tough battles and possibly feeling alone in the world. While we might not be able to take their pain away, we do have the power to make a change. Research shows a wish can give children the strength to fight against and even overcome a critical illness.

It is, of course, the power of a community that can make a change happen. And so, our goal in this is to collect enough money to make it possible for these wishes to come true. We sincerely hope all of you will be willing to join us and help a child's dream come true, whomever they are.

We are very happy to be a part of this amazing cause, as we have always worked with charities that we personally feel strongly about. We also hope to be able to do more to raise funds for children with wishes.

In-Kind Donations

If you want to donate an item to the charity auction, please feel free to ask at the reception. We gladly accept donations until Sunday morning. Please mind that we might have to reject items to ensure that all items can actually be sold within the auction.

Bidding

Every visitor can bid in the Auction. Items will be called up by the moderator. To place a bid, simply raise your hand and declare your bid amount. For the back row seats, there will be volunteers around to take your bid. Please mind that bids are binding and can't be called back. You can pay for your item in cash or using credit or debit cards, EC cards or PayPal. The payment must be made immediately after the purchase. Make-A-Wish® Germany will issue a receipt.

WHAT WE DO

OUR CHALLENGE

Every year, around 6.000 children and young adults in Germany are eligible for a wish because they suffer from a life-limiting or life-threatening condition. From the moment they are diagnosed, the simple pleasures of childhood and family life are replaced by worry, disruption, medical appointments, financial worries and isolation. Make-A-Wish® exists to put those issues to one side by empowering a child with the chance to choose a wish that's unique to them, when so much else has been decided for them because of their health needs. In doing so, a wish creates hope, happiness and memories for the whole family to cherish.

OUR IMPACT

Our global research is building our understanding of the impact of a wish, so we can continually help children and their loved ones to gain the most out of their experience.
We've learnt that when a wish is granted, it inspires a child to believe that anything is possible and it helps to restore some of the childhood that they missed out on because treatment for their condition interrupted school or typical family activities.
A wish broadens horizons and is something to look forward to during tough times. More than that, a wish provides respite and distraction, helps family bonding and wellbeing, inclusion and social engagement.
A wish is more than a moment in a child's life – it fills the days, months and years afterwards. Alongside joy, hope and happy memories sits a new confidence, resilience and self-worth.
A wish improves the lives of siblings and parents as well.

OUR COMMUNITY

Wishes take a lot of time and money to organise. They require creativity, passion and commitment. Our networks and communities – health and social care professionals, volunteers, partners, fundraisers, supporters, wish families – are key to making children's wishes become a reality.

SO WE'D LIKE TO SEND A HUUUUUUUGE THANK YOU TO THE WHOLE MAGICAL PONY COMMUNITY FOR HAVING US AS YOUR CHARITY PARTNER OF CHOICE!!!!

OUR WISHES

Everything about the Make-A-Wish® experience is about the child and the impact a wish will have on their life. We're unique in putting the child at the heart of their own experience. But we know that involving a child's family in the unique way that we do, delivers a big impact.
Our leading reputation – built on a global partnership of wishgranting best practice – is vital to our ability to reach children, inspire others and build relationships.

Gears in the Machine

A convention is like an enourmous clock. Yes, precicely! It only works if all the little cogs mesh together. Now, a clock needs to be cleaned, well lubricated and wound tight. These exemplary folks have made Galacon possible with their generous donations.

Mystery Invention

Canni is up to something. Inspired by great inventors of the past, like Nicola Tesla, Da Vinci and even the great Lauren Faust, she almost has her breakthrough. It is on the tip of her tongue. Can you help finish her invention?

Unfortunately for her, the missing pieces are scattered through this booklet. Can you find them all? Hidden in cogs like this one are letters. Search through the conbook to find them all, and order them based on the pagenumber you found them at.

If you got it, go to the infobooth to tell them the answer. A little surprise is waiting for those who help Canni get inspired! Good luck to one and all!

Hint:

The answer is a six letter word spoken when an idea comes to mind.
