WELCOME

Dear visitors, guests and friends,

It's hard to believe two years have already passed since the last Hearth's Warming Con, where joyous chatter and friendly reunions filled the classrooms of the Schoter Scholengemeenschap. This year we've moved once again - to the Expo Haarlemmermeer in Vijfhuizen, where we'll indubitably have a great time as well. And even though it's not a school, this won't keep us from making it a learning experience.

This year we'll indulge ourselves in the arts of science and improving our skills and knowledge: from classes on pony history to writing funfiction, from developing your own style as an artist to making plushies, paper crafts or buttons. It's all of us together who can turn this event into a Hearth's Warming Academy!

Personally, I'm really fond of science, as it's a way of thinking that gives us the opportunity to think, learn and solve problems together. Skills that help us understand ourselves, others, and the world we live in, and can be utilised to develop and improve friendships. Meeting friends both old and new and fostering friendships is also what this weekend will be all about.

For the very last time and on behalf of the entire convention staff, I wish everypony a great Hearth's Warming Con!

Melanie Nab
Chair of Hearth's Warming Con

The auction is so much more than just a bidding war! With our auctioneers Roderick and Perrydotto at the helm, and featuring our Guests of Honour, it promises to be a true show of spectacle, friendship, and generosity! Best of all the proceeds all go to our charity The Dream Factory, so don't hold back! (Do note that you'll be expected to pay in cash immediately upon winning an item!)

For this final edition of Hearth's Warming Con we're proud to support The Dream Factory! A non-profit organisation of modest size but tremendous heart, our charity of choice is dedicated to providing education to children from developing countries. Working on-site with schools, orphanages, and foster homes, they aid exactly those for whom a safe space of learning would otherwise be anything but guaranteed. Their current projects involve HIV positive orphans around Port Elizabeth, South Africa as well as albino children in Kenia, who are sorely lacking in means of education and adequate protection from the sun. Feel free to visit their website www.stichtingthedreamfactory.nl for more information - the charity's representatives will also be giving a short presentation at the start of the event to tell you more about their various projects!

Besides bidding at the auction, you can also donate items for it at the Info Booth up until Sunday 13:30. In addition to that, the booth will also be accepting donations of school supplies or items such as lip balm, sunglasses, slippers, and hats!

THE DREAM FACTORY STICHTING

GUESTS OF HONOUR

Claire Corlett

First and foremost: did you know that our special guest Claire Corlett voiced Sweetie Belle in everypony's favourite TV show? We had a feeling you might! For nine years straight she provided the sweetest Cutie Mark Crusader around with her enchanting, inimitable voice, etching her name in the annals of My Little Pony history!

Veterans of the convention scene may also recall Claire's involvement in 2016's edition of Hearth's Warming Con, when she called in via Skype. This time around, however, her presence is super-absolutely undeniable! So if you'd like to know more about her role in Friendship is Magic you'd better be hyped for her Voice Acting panel! Or are you perhaps curious about her involvement in other series such as Dinosaur Train and Bob the Builder? And what about working commercials, singing, or performing improv comedy? (Say, did you know that Claire boasts a notable background in theatre as well?) With this broad spectrum of talents in hoof, and knowing her penchant for not taking things too seriously, our Guest of Honour is sure to provide a fun and memorable experience for everypony!

Black Gryph0n

Gabriel Brown, also known as Black Gryph0n, is graced with an infectious enthusiasm that is sure to light up every (class)room he appears in! Gabriel's ascent in the My Little Pony fandom began primarily as a musician and animator, rapidly building an online following with viral videos the likes of the instant-classic "Twilightlicious", and escalating towards numerous collaborations with other renowned fandom musicians - soon even catching the eyes and ears of the MLP:FiM cast themselves!

Furthermore, you will recognise his lead vocals in internet hits such as "Beep Beep I'm a Sheep", "No Mercy", and hit show Hazbin Hotel. It will come as no surprise to you then that he's amassed an insane number of YouTube views and well over 3.7 million subscribers. Gabriel's résumé, however, by now spans far beyond the scope of a YouTube personality, and even that of a professional singer! Currently in the business of Voice Acting, he has lent his talents to features such as Finding Dory, Geronimo Stilton, Yo-kai Watch, Littlest Pet Shop, and has even sung parts in Friendship is Magic and Equestria Girls! Did we leave anything out? Perhaps he'll remind us during one of his many panel appearances or his special live performance!

FAQ

MEET THE COMMITTEE

Martin Ohrt Christensen - Opaque
Vice-Chair & Artist Manager

Opaque discovered My Little Pony: Friendship is Magic in early 2011 and got hooked on it in early 2012. His first convention experience was when he volunteered for Crystal Fair 2014, where he fell in love with doing con-work. He then proceeded to volunteer for Hearth's Warming Con 2015 and stuck around ever since, becoming its semi-official resident Dane

Melanie Nab - Woelzy
Chair

Melanie was enchanted by My Little Pony ever since she was 10 and got her hands on Buzzer, a Summer Wing Pony. She loves all generations, but the one thing she loves the most is the creative and kind community that arose with the upswing of FiM. To bring these people together and let them have an amazing weekend is what drives her to work for Hearth's Warming Con.

Diederik van der Heijden - Benbever
Vendor Manager & Event Manager

Diederik likes all generations of My Little Pony (excluding 3.5). Other hobbies include watching anime and collecting manga, reading and watching movies, the Pokémon TCG, (board)games and Lego. He also likes long-distance hiking. Among many other things, he manages the events and vendors at Hearth's Warming Con and tries to make things go as smoothly as possible. He is also a graphic designer.

Ivar Bouwmeester - Avaya Ridatrane

Merchandise & Tickets Manager

Ivar joined the pony fandom in 2011 and has been enjoying alicorn princesshood since 2013. Ivar is quite the workaholic: on the rare occasions that he does not have to work, you can find him socialising with his friends at home, at the local bowling alley, or on one of his city trips. The only two states Ivar ever operates in are exhaustion and hyperactivity.

David van Hartevelt - Stjonal

Logistics Manager & Registered Epic Cool Guy

"Oh geez, it's been almost nine years since I've joined this party. Same as my fellow Committee fellows." David has been working hard making HWcon2020 the send-off to end all send-offs. From coordinating volunteers to helping keep finances to, of course, managing logistics for the convention. Don't let your memes be dreams, the game, let's have fun at HWcon!

THE SCIENCE OF

The Hearth's Warming Con committee has worked diligently for over a year to make sure its final edition would be an unforgettable experience, but there are many more people that made this convention all the more special. We'd like to thank all of them for their vital contributions over the course of this weekend:

Our Guests

We'd like to express our gratitude to all of the panelists, performers, hosts, and our guests of honour for taking the time out of their busy schedules to visit our convention. Your efforts were invaluable in making this convention a fun and exciting celebration for everypony!

Our Vendors

Without the record amount of vendors and their amazingly awesome merchandise our visitors wouldn't be able to take home nearly as much pony goodness. Thank you!

Our Volunteers

We are very grateful to all of our hard-working volunteers, without whose diligence we could not have made this convention a secure and fun family-friendly environment. It is thanks to them that everything ran as smoothly as possible.

Our Artist Team

For providing countless works of art, for social media, for the website, for merchandise, and for this very conbook!

Our Visitors

And of course it is your attendance that makes all this hard work worthwhile. It is the exuberance and friendship you've shared with one another that brought us together one more time to organise this convention. So, a massive thank you to everyone who came and had fun this weekend!
