MLP - MSP

Minneapolis JUNE 6TH-8TH

Welcome to MLP-MSP 2014! We are pleased to host the first ever Brony convention here in Minnesota. We're excited to bring the writers, voice actors, musicians, artists, vendors, and cosplayers that make this fandom so much fun to our own backyard.

Our greatest priority is ensuring that all attendees have a fantastic time here at the Ramada. We would like to thank all of our staff who have helped us get to this point, all of the friendly staff at the Ramada, and of course, all of you!

We would like to personally thank the following sponsors who helped make this convention possible. If you see them, thank them too!

StatManDan, Andrew, Riddle, Sugarless (Adam), Mimz, Taylor Werner, C.J. (AOD23), KT and Vivid Syntax. We appreciate your support!

So from MLP-MSP to all of you, have a wonderful time and we look forward to hearing all the great stories from the weekend!

Give Us Wings

Give Us Wings is made up almost entirely of volunteers, including the Board of Directors and the Steering Committee. We are committed to ensuring that the majority of the funds we raise go to meet people's needs in Kenya and Uganda. The Give Us Wings' approach is one that empowers people to be self-sufficient, rather than becoming dependent on assistance. The ultimate goal of all our projects is that they will one day be self-sustaining.

When Give Us Wings travels to Kenya and Uganda, we meet the people not the statistics. We work person-to-person, and our funding follows that model. We ask the hardworking people in Kenya and Uganda what will work for them. They know what they need. This approach empowers them to take responsibility and ownership over the decisions they've made. It also helps provide tools for life without destroying culture and tradition.

Give Us Wings stays with groups and individuals as they develop the skills needed for long-term success. We provide business and leadership training. Through our micro-financing initiative, Building Businesses for Family Sustainability, we fund well-conceived business plans and agricultural projects proposed by the people themselves.
