Letters
from the Chairs

To our Guests, Tradesmen, Journeymen, Architects, Engineers, Inspectors, Staff, Officials, and, well, everyone! It brings me great joy to welcome you all to the first edition of New Anthrodam, New York City's very first, fully fledged Furry Convention!

This year's theme, Under Construction, reflects our commitment to build something new, and to build and improve our community and our resources available to furs from all over the world, and especially to the furs local to NYC and the greater tri-state area.

Be sure to practice safety first and remember the 6-2-1 Rule! We've so far gotten a clean slate: no safety violations have been recorded to date and we'd like to keep it that way!

We've got lots of work to do! Be sure to pick up your ID cards (custom fursuit and fursona badges) at the Con Store as soon as you can! Report to our safety briefing on Thursday: "Shake Paws with Danger" and get trained on how to get the most out of the convention. The con store also stocks some useful equipment for the job as well! There's more to see throughout the convention, so stay tuned to our channels and don't be shy reaching out to any of our amazing staff and volunteers who are glad to answer any questions you may have.

As we build New Anthrodam, we're looking for new designs, concepts and ideas to make our convention even better! We look forward to your suggestions, feedback, and ideas for the future. You might just find your plans make their way into the blueprints!

We've got a con to build. Let's get the job done right!

Kloree
Chair

Welcome
to New Anthrodam!

Welcome to the job site, inspectors! This is our first ever annual inspection, so walk with me while I give y'all a tour of our facilities. Grab a hard hat, tuck your tails, claws, and wings in, and allow me to show you the wonders of New Anthrodam 2026: Under Construction!

Over the course of the weekend, we will be filling the convention space with a myriad of programming, from many community-run panels and exclusive events from our guests of honor to hours of live music and raves every day on the main stage. If you will be staying until Sunday, be sure to check out our charity auction to help us support Prism, a nonprofit focused on mental health support for the queer community in New York.

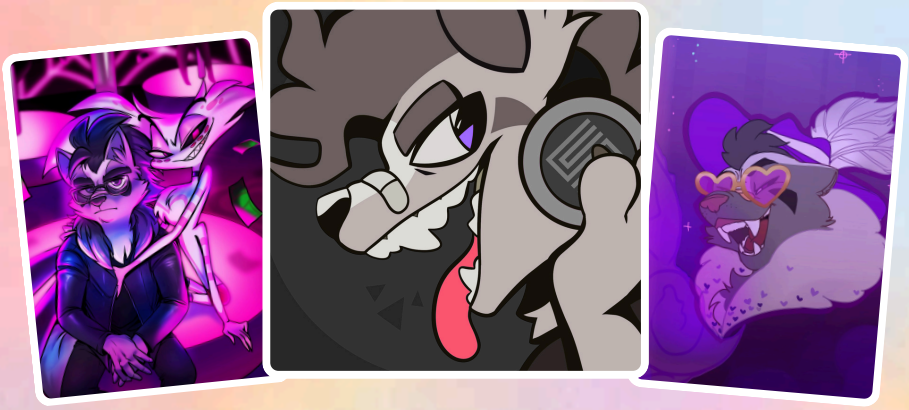

Zooming out from the venue itself, don't forget that New Anthrodam is located in the literal geographical center of New York City, the biggest city in the United States! If you find yourself with some downtime over this weekend or would simply like a break from getting fur everywhere, feel free to appreciate the food, culture, and people of the Big Apple that has been marinating for more than four centuries. Just as New York City is often portrayed as the face of American culture, we hope that New Anthrodam can present an equally welcoming distillate of furry culture!

If you've made it this far, please do me a favor: try to thank at least one staff member that you encounter over this weekend. They have put in an inspirational amount of effort to make everything from this conbook that you are reading to the badge that you are wearing possible.

Last but not least, enjoy the convention! We might've planned it, but you are the life of it.

Guests of Honor

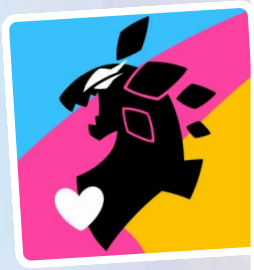

Silva Hound

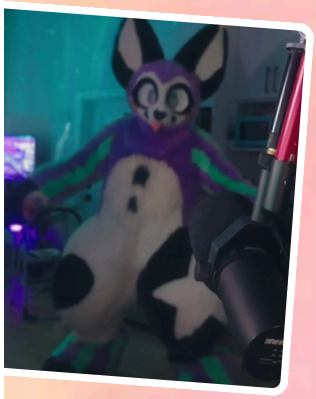

Atlanta, GA native Silva Hound is a veteran music artist, super-producer, and DJ who has been creating nerdcore-influenced EDM songs inspired by animation, video games, anime and fandoms of all kinds. He discovered the furry fandom as far back as 2008, gathering inspiration for his musical explorations until finally going professional in 2012. By 2020 his biggest release, "Addict", a fan song inspired by Hazbin Hotel, became a global hit, charting on Billboard and iTunes while amassing over 200 million video views & over 120 million Spotify streams. He collaborates frequently with popular voice actors, VTubers, and YouTube personalities, having produced music for video games like Just Shapes And Beats and Bendy And The Dark Revival, as well as the Amazon Prime series Helluva Boss, while currently working on his next album, Reporting Live From Hell.

ivycomb

ivycomb is a Canadian musician and YouTuber that has been a member of the furry community for over 15 years, passionately sharing art, music, and videos for most of that time! Having released two albums and performed at many conventions, Ivy is familiar with the fandom's culture and is excited to bring that energy to New Anthrodam!

linktr.ee/ivycomb

Floofie Drawz

Floofie (aka Justyne Gurley) is a professional visual development and background artist working in indie animation. You may have seen their work on Helluva Boss, Hazbin Hotel, Calling All Villains, various Kitten Sneeze music videos, Silva Hound and CG5's Golden Eyes MV, and more! They got into the furry fandom in 2019, but really it started before that thanks to Disney and Warrior Cats! Floofie lives in LA with their three cats Sully, Violet, and Enjin! They enjoy playing video games, dancing in fursuit, and coming up with new ADHD crafts only to drop the idea 2 weeks later. Floofie will be tabling in the dealers den and will have some fun items available!
