About Our Charities

We're doing this for fun, but we're also doing this for a good cause. We at Nightmare Nights Dallas think that the mission of St. Jude Children's Research Hospital is one to support.

The mission of St. Jude Children's Research Hospital is to advance cures, and means of prevention, for pediatric catastrophic diseases through research and treatment.

Consistent with the vision of their founder Danny Thomas, no child is denied treatment based on race, religion or a family's ability to pay.

St. Jude Children's Research Hospital's vision is to be the world leader in advancing the treatment and prevention of catastrophic diseases in children. This vision will be pursued by providing outstanding patient care; by conducting basic, translational and clinical research designed to elucidate biological mechanisms, understand disease pathogenesis, improve diagnosis, enhance treatment outcome, prevent diseases and minimize adverse consequences of treatment; and by educating health care and scientific research professionals. Through these efforts we seek to cure and enhance the quality of life for an increasing proportion of children who come to us for treatment, and by expanding and sharing knowledge, to advance treatment of children with catastrophic diseases worldwide, while developing strategies to prevent catastrophic diseases in children.

All money taken in from the charity auction will be donated to St. Jude Research Hospital.

We also welcome toy and stuffed animal donations, for long-term inpatients.

We will also be accepting on site food donations for the North Texas Food Bank as well as running a virtual food drive for the month before the convention for those who wish to donate online.

Last year we raised over $12,200 between our two charities and donated 186 pounds of food to the North Texas Food Bank.

Tabitha St. Germain

Tabitha St. Germain voices pretty much every third pony on *My Little Pony: Friendship is Magic*, including fan favorites like Granny Smith, Photo Finish, Fluttershy's Discorded Gravy Boat, Mrs. Cake, Pound Cake, Philomena, Suri Polomare (okaaay?), and everyone's favorite muffin-loving mare, [NAME REDACTED]. Though perhaps best known for her work as Rarity, she also voices the two ponies most thematically appropriate for Nightmare Nights; Princess Luna and Nightmare Moon.

Britt McKillip

Britt McKillip is the lovely voice of Princess Cadence on *My Little Pony: Friendship is Magic*. As you know Cadence is co-ruler of the Crystal Empire with her husband Shining Armor and she is sure to help us "throw" one awesome party.

Britt started her acting career with a bang, appearing alongside Gary Sinise, Tim Robbins, and Don Cheadle in Mission to Mars. She's also appeared in Dead Like Me, and on stages everywhere as a member of One More Girl, the Canadian Country Music Association award-winning band, currently signed with Interscope records. Her animation credits include *Strawberry Shortcake, Bratz*, and Tra La La from the previous generation of *My Little Pony*.

Amy Keating Rogers

Amy joins us here in Addison, Texas for a weekend of fun, frights and a glimpse into the creative writing mind that brought us episodes such as “Bridle Gossip”, “The Last Roundup”, “Filli Vanilli", and many more. Come join Amy on panels where she can answer your questions like, what was the cut Rarity scene from Applebuck Season, why does Zecora talk in rhymes, what songs does she likes to lip sync to, and why is Raincloud best pony?

Amy is also known for her writing and story work in *Powerpuff Girls, Samurai Jack, Foster’s Home for Imaginary Friends*, and many, many more of our favorite childhood cartoons.

Josh Haber

Josh Haber has been writing in animation for a few years now and couldn’t be happier. Before coming to MLP, he’s worked on *Kaijudo, Rise of the Duel Masters* and continues to explore both his action and comedic chops in several new and upcoming shows. Making his MLP debut in season four, he wrote such episodes as “Castle Mane-ia", “Simple Ways”, and “Leap of Faith”. Josh looks forward to his contributions in season five and is grateful the pony world has provided him such amazing opportunities.

Heather Nuhfer

Heather Nuhfer is an award-nominated writer of several bestselling comics. She is best known for penning the My Little Pony: Friendship is Magic comic book series, which is part of a cultural phenomenon. To date, the series has sold over one million copies for publisher IDW. Her other kid-friendly works include graphic novel adaptations of *Monster High, Scooby Doo, Sesame Street*, and *Strawberry Shortcake,* amongst others. She also writes for adult and all-ages properties including The *Simpsons*, *Hawken*, and *The Vampire Diaries*. Heather's first original prose novel, titled "Weirdest", is set for a 2015 release.

When she isn't writing, Heather is busy crafting. She occasionally designs and knits custom pieces for film and television.

M. A. Larson

M. A. Larson has been responsible for such memorable episodes as "Swarm of the Century," "Sonic Rainboom," "Luna Eclipsed," and for giving Twilight Sparkle wings. Just recently, he has announced his expanded role, taking over for Meghan McCarthy as lead writer for the first half of Season 5. There's no getting off Mr. Larson's Wild Ride.

Aside from his work in MLP:FiM, M.A. Larson has also written for classic Cartoon Network hallmarks such as *My Gym Partner's a Monkey* and is an active writer for the Hub's *Littlest Pet Shop* series. His new book, *Pennyroyal Academy*, is also releasing just before the convention.

G. M. Berrow

Author of a panoply of pony books, and co-author of the upcoming Daring Do series (along with A.K. Yearling), Gillian has branched out to writing pony scripts, penning a Pinkie Pie episode coming up in Season 5.

Come along to Nightmare Nights and get Gillian to autograph your books, discuss the differences between writing books and writing scripts, and explain why she's a better author than M. A. Larson!

Natasha Levinger

As one of the talented writers of Friendship Is Magic, Natasha has proven to be a master of crafting stories that shape Equestria and the ponies we know and love. She had the pleasure of writing two episodes for Season 4: The finding-new-family fun adventure of "Pinkie Apple Pie"–including the lyrics for "Apples to the Core"–and the I'm-only-doing-this-for-your-own-good drama of "It Ain't Easy Being Breezies."

Community Guests

Foal Papers

Considered by many the greatest wizard of modern times, Foal Papers is particularly famous for his defeat of the Dark wizard Grindelwald in 1945, for the discovery of the twelve uses of dragon's blood, and his work on alchemy with his partner, Nicolas Flamel. Foaly enjoys chamber music and ten pin bowling.

Sherry Bourlon

WhiteDove Creations began 14 years ago with the creation of Native American regalia. In 2011, Sherry learned that her son was a Brony. After watching Season 1, she fell in love with the show. Her son asked her to make him a Fluttershy plush, but she had no idea how to make plushies. However, she had been sewing for 30 years, and after several attempts she came up with her first pattern.

One of her greatest joys is her giveaways. To date, she has given away 40 ponies. There will also be a give away during her Nightmare Nights panel for a full-size pony plush.

DustyKatt

Dusty's life is a manly checklist. The son of an auto worker (have you driven a Ford lately?), high school and college athlete (baseball, football), former bodyguard and ranch hand, trained Big Time wrestler, and Harley mechanic whose custom motorcycles have appeared on the cover of *Easyriders*. A pessimist would say "he can't make up his mind"; an optimist would say "no single career is big enough for his mustache".

And he watches a cartoon show intended for little girls. Well, what do you expect from the Manliest Brony in the World?

Code Of Conduct
1. Respect other people
2. Don't do illegal stuff
3. Follow Con Center Policy
4. Obey the staff

The Full Code of Conduct can be read at
http://nightmarenights.net/index.php/policies-2/codeofconduct/

Nightmare Nights Dallas has a strict No Harassment policy.

We value your safety and take pride in Nightmare Nights Dallas being a safe place where everybody is welcome and anybody can be whomever they desire. As such, certain kinds of offensive or harassing behavior will not be tolerated. To the best of our ability, we intend to eliminate inappropriate conduct from the convention.

Harassment can include:

- Physically or verbally threatening, annoying,unwelcome attentions, stalking
- Pushing, shoving, use of physical force which in any way creates a disturbance that is disruptive or dangerous
- Any boisterous, lewd, or generally offensive behavior or language
- Using sexually explicit or offensive language or conduct
- Profanity or obscene gestures
- Racial, religious, or ethnic slurs

If people tell you NO, your business with them is done. If you continue to attempt to have contact with such people, you may be removed from the premises and your membership revoked without refund.

Remember: "No" means no. "Stop" means stop. "Go away" means go away.

Costuming is not consent.
We have also taken steps to make it easier to report instances of harassing behavior. It is very important that if you are being harassed or are in any way endangered, you report it immediately. We cannot address anything that we are not made aware of, and we need whatever details can be provided, such as names, badge numbers, or other descriptive information.

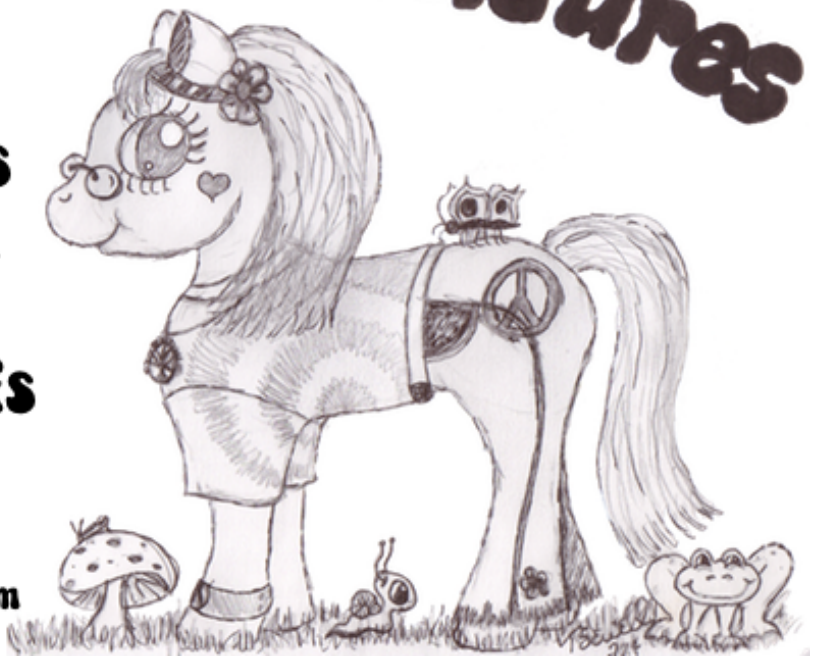

If you feel you have been harassed, please find the nearest Nightmare Nights staff member. They will direct you to security.
If, at any time, you feel that your personal safety or the safety of others is in jeopardy, please contact the Police Department via 9-1-1.

If something you have done or said has inadvertently offended somebody, the best practice is to genuinely apologize* for the offense and then walk away from the situation. Prolonged explanations frequently lead to worsening conditions. "I'm sorry I offended you" sums it up nicely and gives you a graceful line to leave on. Best of all, everybody's dignity is left intact.

Likewise, if somebody offers you a heartfelt apology and walks away, don't shout after or pursue them, or else you may inadvertently become the harasser after their indiscretion. Accept their apology and continue on with what you were doing.

*Apologizing does not excuse a person from the policy on harassment. It is just an important step to help to prevent the need for Convention / Security intervention in cases of genuine accidental offenses.
