ABOUT OUR CHARITY

We're doing this for fun, but we're also doing this for a good cause. We at Nightmare Nights Dallas think that the mission of St. Jude Children's Research Hospital is one to support.

The mission of St. Jude Children's Research Hospital is to advance cures, and means of prevention, for pediatric catastrophic diseases through research and treatment.

Consistent with the vision of their founder Danny Thomas, no child is denied treatment based on race, religion or a family's ability to pay.

St. Jude Children's Research Hospital's vision is to be the world leader in advancing the treatment and prevention of catastrophic diseases in children. This vision will be pursued by providing outstanding patient care; by conducting basic, translational and clinical research designed to elucidate biological mechanisms, understand disease pathogenesis, improve diagnosis, enhance treatment outcome, prevent diseases and minimize adverse consequences of treatment; and by educating health care and scientific research professionals. Through these efforts we seek to cure and enhance the quality of life for an increasing proportion of children who come to us for treatment, and by expanding and sharing knowledge, to advance treatment of children with catastrophic diseases worldwide, while developing strategies to prevent catastrophic diseases in children.

All money taken in from the charity auction will be donated to St. Jude Children's Research Hospital.

On site charity auction item donations can be made before Noon on Saturday at Dealer Ops. We also welcome toy and stuffed animal donations, for long-term inpatients.

Last year we raised $18,392 for St. Jude, bringing our total to over $30,000 since 2013. All thanks to you.

CATHY WESELUCK

Cathy's list of talents are so long, we almost ran out of quills just writing them! While most of us know her as the voice of Spike, Mayor Mare and Coco Pommel in "My Little Pony: Friendship is Magic", she has 20 years of history in animation, from Young Trunks in "Dragonball Z" to Dorothy Catalonia in "Gundam Wing" and Shampoo in "Ranma ½", Cathy has performed thousands of voices in hundreds of productions.

In addition to her continued success as a voice-over performer, Cathy's noted accomplishments also include her work as a TV actor, instructor, consultant, guest speaker, casting director/director, associate producer, writer, composer, performer and photographer.

MARŸKE HENDRIKSE

Voice of Gilda the Griffon and Sonata Dusk

Marÿke's acting career spans over two decades; she has performed in film, television, radio, industrial videos, commercials, video games, and animation. She has acted in theaters throughout Canada and the U.S., in new works for companies such as Buddies in Bad Times, Theatre Direct and CanStage; in big musicals like 'Phantom of the Opera', 'A Little Night Music' and 'Aspects of Love'; and most everything in between.

Marÿke has lent her voice to many hundreds of episodes of animated series, radio plays, and tv and radio commercials, and considers voiceover her specialty. Favorite voiceover credits include Moville Mysteries, Freaky Stories, Blaster's Universe, Braceface, Beo's Bedroom, Maryoku Yummy, Bratz, A Mermaid's Tale 1 & 2, The Girl Who Leapt Through Time, Dinosaur Train, Geronimo Stilton, My Little Pony: Friendship is Magic, Slugterra, Black Lagoon, and Johnny Test, for which she won the Best Voice Over in an Animated Feature or TV Production Elan Award for her portrayal of Susan Test.

KAZUMI EVANS

Born and raised in Vancouver, British Columbia, Kazumi is a rising star in the My Little Pony universe. She started as the singing voices of Rarity and Princess Luna, but recent episodes have seen her expand into the role of voicing several important characters. In episode 100 (“Slice of Life”), she was the voice of Octavia Melody, and in “Amending Fences”, she voiced Moondancer, Twilight’s long-lost Canterlot friend. She also voiced Adagio Dazzle in *Equestria Girls: Rainbow Rocks*.

Outside the Pony world, she’s voiced Rogue in *Wolverine vs. Sabretooth* and Skipper in *Barbie and Her Sisters in a Pony Tale*. She also holds a Bachelor’s Degree in Opera Performance from the Vancouver Academy of Music.

JOSH HABER

Josh Haber has been writing in animation for a few years now and couldn’t be happier. Before coming to MLP, he’s worked on *Kaijudo, Rise of the Duel Masters* and continues to explore both his action and comedic chops in several new and upcoming shows. Making his MLP debut in season four, he wrote such episodes as “Castle Mane-ia", “Simple Ways”, and “Leap of Faith”. Josh looks forward to his contributions in season five and is grateful the pony world has provided him such amazing opportunities.

In addition to contributing to MLP:FiM, he also wrote "Equestria Girls: Friendship Games"

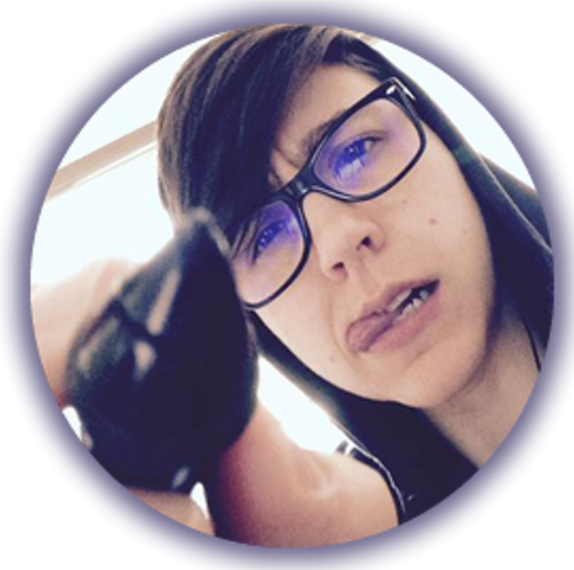

ISHI RUDELL

Ishi Rudell Is a traditional animator who's been working in the Vancouver animation industry since 1998 and is currently a director on the My Little Pony Equestria Girls movies 2 and 3 as well as the digital shorts for Hasbro's YouTube Channel. He's been a part of the rebooted MLP franchise since season 1, starting off as an Animation Director.

Before My Little Pony, he worked on many different shows including Martha Speaks, Kid Vs Kat, Pucca, George of the Jungle, Atomic Betty, Yakkity Yak, The Mr. Hell Show, Sticking Around and the DreamWorks film "Joseph: King of Dreams." Besides his love for animation, he's a self-professed health and fitness junkie who loves D&D, Magic: The Gathering, Martial Arts, Camping and Video Games. Actually his days of online gaming have come to an end. As a recovering Diablo II addict, he avoids online games due to his lack of self-control.

Ishi's greatest loves in life are his wife, his 2 kids, and his large circle of amazing friends. He truly believes in the philosophy treat others, the way you would want to be treated… and be yourself!

KATRINA HADLEY

Katrina Hadley has been working in the animation industry in Vancouver since 2005, primarily as a storyboard artist. In the past she's worked on at least 14 different shows like: Edgar and Ellen, League of Super Evil and the Monster High DVD movies. She first joined the MLP team as a board artist for Equestria Girls: Rainbow Rocks, and was lucky enough to be asked to draw the illustrations for the end title credits.

She's also done storyboard work for MLP season 5, most notably the premier and 100th episodes. She is currently storyboard supervisor for the upcoming Equestria Girls: Friendship Games DVD. Katrina feels incredibly lucky to work on EG since it feels like a combination of her 2 greatest loves growing up: My Little Pony and Sailor Moon!

Heather Breckel

Heather is a colorist for IDW, and has colored a huge number of the MLP comics released through the company, including the main MLP:FiM series, The Return of Queen Chrysalis, Nightmare Rarity, the Rarity and Luna micro-series and more.

Hailing from Kentucky, Heather grew up reading the Sonic the Hedgehog comic series and was inspired to create art from an early age. She graduated first from an art high school and then the Columbus College of Art and Design, where she realized she had a passion for coloring and comic illustration in general. As a fan of MLP before the comics released, when she discovered on Equestria Daily that the IDW comics were being produced, she jumped at the opportunity to color them, and has since gone on to work on dozens of releases.

Jenn Blake

Born and raised in California, Jenn Blake studied to become a successful fashion designer. She gained 12 years experience in the profession, but wished to extend her knowledge of art and take it in a new direction. Jenn started work on comic/graphic novel characters and decided to combine that genre of work with a new love of hers; “My Little Pony: Friendship is Magic”. Shortly after she began her work with ponies, Jenn was approached by IDW Limited. The company’s special release of “The Return of Queen Chrysallis” was in the works and they were seeking special artists to create original, hand drawn sketch cards to be released with the books. Jenn was one of only several artists chosen for the task.

This special project rocketed Jenn’s career in the world of art and ponies forward including this summer’s “My Little Pony: Friends Forever #16” and a special subscription cover for Four Color Grails.

Jenn enjoys spending her long days of work with her cat Ash by her side.

NATASHA LEVINGER

As one of the talented writers of Friendship Is Magic, Natasha has proven to be a master of crafting stories that shape Equestria and the ponies we know and love. She had the pleasure of writing episodes in Seasons 4 & 5. The finding-new-family fun adventure of “Pinkie Apple Pie”–including the lyrics for “Apples to the Core”, the I’m-only-doing-this-for-your-own-good drama of “It Ain’t Easy Being Breezies”, and “Make New Friends But Keep Discord.”

COMMUNITY GUESTS

FOAL PAPERS

Foal Papers is chiefly known in the brony community for having once been a great lord of Númenor, to whom Sauron the Deceiver gifted one of the nine Rings of Power. Blinded by his greed and desire for conquest, Foaly took the ring, and was swiftly corrupted by it, twisted beyond recognition into one of the thrice-accurs'd Nazgûl. Darkness goes with him, and he cries with the voice of death. He's also fond of jaffa cakes, tweeting, and classical mythology.

EUROBEAT BRONY

Odyssey Music (also known as Odyssey Eurobeat) is the one-man production label run by Travis Stebbins, whose works have appeared in Super Eurobeat, Initial D, iOS games, Rolling Stone, and much more.

POST-IT PONY

Post-It Pony is a mystery wrapped inside an enigma. You might not see him.. or her.. or them.. but you just might find a post-it on your body somewhere. You'll no doubt see their art all over the hotel this weekend.

Code Of Conduct
1. Respect other people
2. Don't do illegal stuff
3. Follow Con Center Policy
4. Obey the staff

The Full Code of Conduct can be read at http://nightmarenights.net/index.php/policies-2/codeofconduct/

Nightmare Nights Dallas has a strict No Harassment policy.

We value your safety and take pride in Nightmare Nights Dallas being a safe place where everybody is welcome and anybody can be whomever they desire. As such, certain kinds of offensive or harassing behavior will not be tolerated. To the best of our ability, we intend to eliminate inappropriate conduct from the convention.

Harassment can include:

- Physically or verbally threatening, annoying,unwelcome attentions, stalking
- Pushing, shoving, use of physical force which in any way creates a disturbance that is disruptive or dangerous
- Any boisterous, lewd, or generally offensive behavior or language
- Using sexually explicit or offensive language or conduct
- Profanity or obscene gestures
- Racial, religious, or ethnic slurs

If people tell you NO, your business with them is done. If you continue to attempt to have contact with such people, you may be removed from the premises and your membership revoked without refund.

Remember: "No" means no. "Stop" means stop. "Go away" means go away.

Costuming is not consent.
We have also taken steps to make it easier to report instances of harassing behavior. It is very important that if you are being harassed or are in any way endangered, you report it immediately. We cannot address anything that we are not made aware of, and we need whatever details can be provided, such as names, badge numbers, or other descriptive information.

If you feel you have been harassed, please find the nearest Nightmare Nights staff member. They will direct you to security.
If, at any time, you feel that your personal safety or the safety of others is in jeopardy, please contact the Police Department via 9-1-1.

If something you have done or said has inadvertently offended somebody, the best practice is to genuinely apologize* for the offense and then walk away from the situation. Prolonged explanations frequently lead to worsening conditions. "I'm sorry I offended you" sums it up nicely and gives you a graceful line to leave on. Best of all, everybody's dignity is left intact.

Likewise, if somebody offers you a heartfelt apology and walks away, don't shout after or pursue them, or else you may inadvertently become the harasser after their indiscretion. Accept their apology and continue on with what you were doing.

*Apologizing does not excuse a person from the policy on harassment. It is just an important step to help to prevent the need for Convention / Security intervention in cases of genuine accidental offenses.
